Dear Friend Otto,

It just came to my mind that i did not include in letter other day. descendants of Henry Mines and Polly Younkkin that lived in Washington and Greene Co, i will do so now. Eli Miner lived near Washington Pa, do not know his wifes name. Andrew Mines lived near Washington Pa, wife was Mary Johnson. Susann Mines lived near Washington Pa married a Mr Burch. Nancy Mines married a man by name Farabee and lived near Washington Pa. Katie Mines married John Bedillion and lived near Washington Pa. Chauncey Mines lived in Ill. i have learned of the whereabouts of several of the Farabees also Burchs and Bedillions but as yet have not come in contact in person but hope to do so in the near future. I had in my mind that we came

Came across the ²grave of John H Younkens
in Jersey cemetery but am not able to
find my record of it. do you happen
to have i would like to know as i would
like to check on him as Mrs Earle
has told me that he was in civil war,
and if Polly Younkens Miner as Mrs Earle
claims would be a sister of John H.
Younkens, it does not seem possible to me
that Polly as mother of Ephriam Miner.
As Ephriam was also in civil war do
not know when Uncle Ephriam was
born, but am writing to Aunt Rosetta
Miner, to find out, also to learn if she
knows whether Polly was a sister of
Fred J, and to know if she ever knew
of any of the others of this branch, some
of these days when in the proper mood i am
going to write a letter to Chas J. of Great Bend,
to find out what he knows of the Henry
of Kan. i have written Mrs Miller asking
her if she ever heard of a certain Younkens
writing a history of the family, also
asked her if she ever had given data

such as she sent me, to any one in
her own state, i did not mention
any names, but as yet have not
heard from her, but do expect to
hear from her in the near future
hoping to hear from you promptly

Yours Obedt Yountkin
