Friend Otto:

Charleroi, Pa. Nov. 22 1936

For some time I have been planning to write, but it seemed that I could not get to you, have been rather busy with the much correspondence from time to time. The Kansas younkins have at last had a meeting. Cousin Grover of Wichita had a gathering in his home during Diamond Jubilee of Kansas with Mamie Prother, John K. Younkin, brother of friend Chas. F. of Great Bend and several others were present from reports of Mrs. Prother and Grover, they both seem very much enthused over the outcome. Grover being very much interested, has written me of two or three proposed trips among the different younkins of his state.

He had sent for some data stating  
 of his making a visit on 15<sup>th</sup> inst  
 to Hope Kan. with the Rev. and Mrs.  
 Jarmehill Mrs. Jarmehill's mother  
 a daughter of Henry Y. of Kansas,  
 the 90 year old Dr. George Younkin  
 of Riverside Iowa has written and  
 sent photos of self and his 96 year  
 old brother John. Had word from Miss  
 Helen Younkin San Diego Cal. tell-  
 ing of death of her mother on Oct 11<sup>th</sup>  
 36. Should she have lived until Apr  
 22-37, she would have been 102 years  
 of age. A Mrs. Maud Y. West of Grant  
 City Mo. writes telling her grandfather  
 was Elijah Younkin a brother of  
 Jonas. the father of Dr. Edwin, and that  
 he Elijah had a brother Dan. This  
 is not in line of the descendants  
 of Jacob and Hannah Younkin. I  
 am of the opinion they are more  
 of the Ralph Younkin family

I have written for the names of  
 all the Children of Ralph Youngkin  
 of Ohio. Until that time I will  
 not be able to correctly diagnose  
 this particular case, do you that  
 we are in line for a great celebra-  
 tion on another year, yes the 200<sup>th</sup>  
 Anniversary of the arrival of the  
 first American Youngkin in 1737,  
 plans are being made for a great  
 time have planned the date as  
 Aug 22. 37, as this is the 3rd Sunday  
 and does not conflict with the  
 Harbaugh's or I.O.O.F. Picnic. the  
 old lady Mrs. Wiley is very poorly  
 she had a fall some time ago and  
 for a time appeared to be all right,  
 but things took a turn now she is  
 growing very feeble not likely will  
 last long Come down some Eve.  
 let me know in advance,

Yours Chas. Youngkin  
 this is #129 since Pennard
