I would resign, and I told her in as many words, some say it is his fault, I believe they are both to blame, at present when I really need some help, they are vacationing in Indiana and Ill, the hills out there are not so hard on his car, have not let Ross Younkin know how much lumber we need yet, but have plenty of time for this, will try and come over some eve, next week then we can figure out just what is needed, have received letters from Mrs. Prother, Dr. L. A. Younkin, Helen Younkin Fred Younkin of Ashville O, and several others in the past few days, will be seeing you in the near future,

yours

Chas. Younkin
